

Notifications - Benefit Reimbursement

The Problem

When employees (Linked Members) spend out-of-pocket for corporate **Fuel** or **Telecom** utilities, they must submit manual claims to allow the benefit amount from respective wallets to be transferred to the General wallet. However, this process has certain limitations since further information is required from the submitter by the approver before the claim can be approved.

Without real-time status updates, employees are left in the dark regarding their claim status, driving up internal HR support inquiries and creating an administrative bottleneck for managers.

The Solution

By implementing targeted, event-driven notification alerts across multiple channels, we streamline the verification of wallet claims (Fuel & Telecom) and improve operational efficiency for Corporates.

Success Metrics (KPIs)

Reduce the average time-to-resolution for incomplete or flagged Fuel/Telecom claims from 5 working days to same day processing.

3. User Personas & System Architecture

Target Personas

- **The Submitter/ Filer:** The employee submitting a post-spend claim for a mobile/internet bill (Telecom) or a petrol pump receipt (Fuel).
- **The Approver :** Tide Operations agent validating the claim against approval policies.

4. Functional Requirements Matrix

Req ID	Scenarios	Channel	Priority	User Story	Acceptance Criteria (AC)
FR-2.1	Scenario 1: Claim	Push	Must	As a Filer , I want to know	AC 1: Trigger an immediate

	Submission			when the system is processing my Fuel/Telecom bill so I am assured the upload worked.	push message upon file ingestion.
FR-2.2	Scenario 2: Issue Flag	Push + Banner	Must	As a Filer , I want an instant alert if my fuel receipt is too blurry or my telecom bill lacks a GSTIN so I can fix it while the bill is on hand.	AC 1: If the document fails the policy checks, fire an alert highlighting the exact reason. AC 2: Lock a yellow warning banner to the app homepage until resolved.
FR-2.3	Scenario 3: Fund	Push + SMS	Must	As a Filer , I want a clear	AC 1: Trigger an SMS and

	Movemen t			message when the money is paid out to my general account so I can verify the fund movement .	Push confirmati on almost instantly post receiving a successful fund movement confirmati on.
FR- 2.4	Stage 4: Rejection	Push + SMS	Must	As a Filer , I want a clear message when the claim gets rejected	AC 1: Trigger an SMS and Push confirmati on almost instantly post claim rejection.

5. Notification Copy & Deep-Link Matrix

Trigger 1: Claim Submission (To Employee)

- **Channel:** Push Notification
- **Copy UI:** 📄 **Processing [Wallet Type] Claim**
 - *Body:* We are analyzing your ₹[Amount] submission for [Merchant/Vendor Name]. We'll notify you once verified.
- **Deep Link:** <Claim status page>

Trigger 2: Issue Flag (To Employee)

- **Channel:** Push Notification + In-app Banner
- **Category: FUEL:**
 - *Push Title:* ⚠️ **Fuel Receipt Unreadable**

- *Body:* The text on your petrol pump receipt is too blurry for verification. Tap to re-upload or edit.
- **Deep Link:** <Claim status page>
- **Category: TELECOM:**
 - *Push Title:* ⚠ **Missing Details**
 - *Body:* We couldn't find complete details on your telecom invoice. Tap to manually enter details.
 - **Deep Link:** <Claim status page>
- **Banner Copy:** "Action Required: Your Benefit Card claim requires clarification. Tap to fix."

Trigger 3: Fund Movement (To Employee)

- **Channel:** Push Notification + SMS
- **Copy UI (Push):** 🎉 **Claim Disbursed**
 - *Body:* Your [Fuel/Telecom] reimbursement of ₹[Amount] has been transferred to your general account.
 - **Deep Link:** <Claim status page>
- **SMS Draft Copy:** Alert: Your reimbursement claim for <Fuel/ Telecom> for INR [Amount] has been successfully processed into your General Account - Tide

Trigger 4: Claim Rejection (To Employee)

- **Channel:** Push Notification + SMS
- **Copy UI (Push):** 🎉 **Claim Rejected**
 - *Body:* Your [Fuel/Telecom] reimbursement of ₹[Amount] has been rejected.
 - **Deep Link:** <Claim status page>
- **SMS Draft Copy:** Alert: Your reimbursement claim for <Fuel/ Telecom> for INR [Amount] has been rejected. Know more <deeplink> - Tide
